DESIGN

 ARCOMA

**MORE THAN 3500 SYSTEMS
INSTALLED WORLDWIDE**

ABOUT ARCOMA

Arcoma has designed and manufactured World class digital systems since 1990. With more than 3500 systems sold globally, Arcoma sets the standard for Digital Imaging.

Patient centric care is Arcomas approach to everything we design. Our focus is to provide an environment that maximizes comfort for both the patient and Radiographer.

OUR MISSION

Arcoma develops, produces and provides complete radiology solutions worldwide with the mission to improve care for the patient and work environment for the user.

ARCOMA PRECISION i5

PREMIUM DIGITAL X-RAY SYSTEM

Arcoma Precision i5 is a premium digital X-ray system that provides high quality images, clinical flexibility and superior workflow. The X-ray system is built in Sweden according to the highest quality standards which ensures a reliable, stable and beautifully designed product.

The workflow is excellent thanks to state-of-the-art ergonomics and supporting features such as auto positioning, wall stand with motorized tilt and automatic detector tracking. The manual fine-tuning of the overhead tube crane is unique and can be made with minimal force.

The wall stand with motorized tilt enables efficient examinations with minimal manual handling.

Arcoma Precision i5 offers a carefully designed glass overlay display completely without edges. This enables very easy cleaning and disinfection.

ARCOMA INTUITION

VERSATILE DIGITAL RADIOGRAPHY SYSTEM

Arcoma Intuition is a versatile digital radiography system that combines outstanding image quality with clinical flexibility and high productivity for a wide range of radiographic applications. The cost-effective, modular concept allows you to configure the system to precisely fit your room and your clinical requirements.

Arcoma Intuition can be installed with the Arcoma X-ray Cube, a self-supporting solution that enables quick installation in a temporary hospital or where the ceiling is not strong enough for a standard installation.

Arcoma Intuition provides high quality imaging with the lowest dose possible.
