in all  
directions

# ARCOMA INTUITION

## VERSATILE DIGITAL RADIOGRAPHY SYSTEM

Arcoma Intuition is a versatile digital radiography system that combines outstanding image quality with clinical flexibility and high productivity for a wide range of radiographic applications.

The cost-effective, modular concept allows you to configure the system to precisely fit your room and your clinical requirements.

Light-weight

Easy positioning

Superior installation flexibility

# POWERED BY CANON

The Arcoma products are powered by Canon's next generation wireless CXDI detectors and imaging software. The ultra-lightweight, waterproof detectors with integrated battery and image storage can be used on board or stand-alone as needed.

Canon's NE software provides advanced post-processing and imaging management capability, so you always get the optimal result.
